THE MONUMENT'S CAP

COMPLETED AND SHIPPED TO THE CONTRACTOR YESTERDAY.

gro-Petersburg's Primary Plan Still Pending-Improving the Streets.

[Correspondence of the Richmond Dispatch.] PETERSBURG, Va., March 22.—The mas-ive Corinthian cap for the Soldiers' and ors' monument in Richmond was ed to-day to James Netherwood, the tractor, in that city, by the Petersburg Granite Quarrying Company. The cap is and weighs twenty tons. The cap is in three parts, and all of the twelve pieces of WILL DARRILL'S DISTRICT GO DRY! he oval pedestal upon which the whole is to be mounted were chiselled out of the same Dinwiddie granite by the Peters-burg company, and have been delivered in Richmond.

A NARROW ESCAPE.

During a difficulty last night at the house of Willis Gilliam (colored), on Old street, Gilliam was slashed across the neck with a knife in the hands of William Holmes, a negro said to be from Richmond. Gilliam, at the time, was trying to put Holmes out of his house because of disorderly conduct. The wound fortunately was a shallow one, but it reached to dangerous proximity to the large blood vessels of the neck. Holmes was this morning sent on to the next term of the Hustings Court to be tried for felony.

Joe Perkins is a good-natured negro with an uncontrollable weakness for liquor, which causes him to spend about ten out of the twelve months in the year in jail. There are something like a score of caplaces, etc., hanging over him for fines which he has never been able to pay. He was brought into the Hustings Court yesterday from the jail, where he had been serving a four months' term for his last offence, and upon his solemn promises to abstain from drink in the future and to go to work like a man, he was released by the Judge with the consent of the Commonwealth's attorney. He had hardly been free two or three hours before he was picked up drunk and entirely oblivious of his good resolutions and the kindness shown him. He is, of course, in jail sgain.

THE FRIMARY PLAN.

The City Democratic Committee will meet on Friday night to decide upon the day and the plan of our primary election. It is believed that the plan will be broader in its provisions than heretofore, and that all white men who pledge themselves to the support of the Democratic ticket will be allowed to vote at the primary. Heretofore only those who had previously voted the Democratic tickets were allowed to participate in the primary.

THE LADLES AUXILIARY. THE LADIES' AUXILIARY.

At a meeting of the Ladies' Auxiliary to the Masonic Home, held here to-d. reports were made of contributions of money and articles for the bazaar, and very gratifying progress was evidenced. The ladies are greatly interested in their good work, and they intend to make a good showing.

and they intend to make a good showing.

STREET IMPROVEMENTS.

Under the liberal policy of the Democratic Council the streets of Petersburg have been greatly improved during the past few years, and the good work goes on steadily from year to year. The next street to be improved is Old street, along its entire length. Notices of this fact have been served within the last day or two upon all of the property-owners on that thoroughfare, in accordance with law, and on the 1st of April the Council will doubtless order the work to be done.

AN ANSWER TO PRAYER. The Improvement in the Health of Mr.

fCorrespondence of the Richmond Dispatch.]
Suppole, March 22.—Mayor Benjamin Riddick, who has been sick for over a month, was considered to be in a dying condition last Saturday night, but he afterwards experienced a change for the better, and has improved so much since that hopes are now entertained for his recovery. Prayers were offered for him in two churches yesterday, and one of the attending physicians attributes the improvement in Mr. Riddick's condition as an answer to prayer rather than to medical skill. The sick man is 82 years of age, and has for years been a member of the Methodist church. Methodist church.

PROBABLE FATAL RESULT.

Quite a serious accident occurred at Courtland, Southampton county, yesterday. A reckless rider, supposed to have been drinking, rode his horse over Mr. John Pittiman, who was dangerously injured thereby. Medical aid was immediately summoned, and everything possible was done for the relief of the injured gentleman. When the afternoon train left for Suffolk it was reported that Mr. Pittiman had died of his injuries, but the report has not been confirmed.

TEACHERS INSTITUTE IN MATHEWS. Six Young Ladies Rend Excellent Essays-Only One Male Competed for Honors.

[Correspondence of the Richmond Dispatch.]
MATHEWS COURTHOUSE, VA., March 21.—
For the first time during the twenty-two
years the public schools have been in
operation the teachers of the twenty-two
white schools of this county assembled in
the court-house and organized a "Teachers' Institute," which was in all essentials
a perfect and unqualified success, and its
fruits were but another unanswerable
argument that wherever the avenues to
suitable employment are thrown open to
woman she invariably proves herself the
peer of man. Only one male teacher entered the arena to compete for a share of
the appliance which was so liberally bestowed upon the six young ladies who,
one after another, took their places upon
the rostrum to read the essays which embedied so "much thought, research, and

The exercises opened with prayer by the Rev. D. G. C. Butts.

Dr. L. S. Foster, county superintendent of schools, delivered a lecture on physiology, using ingeniously-constructed colored plates to illustrate his subject.

An exceedingly well-executed colored map, representing Virginia by counties, was exhibited as the work of Master Johnnie Downs, a pupil of the public schools.

Mr. Butts was then introduced, and he delivered an interesting address on the "Sphere Method, and Rewards of the Teacher." Mr. Boyd Sears, a recent graduate of the Johns Hopkins University, handled his subject. "The English Race." with consummate skill and ability.

The teachers followed in this order: "Self-Reliance." Miss Irone Hudgins; "Spelling," Miss Estello Shackleford; "Grammar," Miss Louis Jackson; "History." Miss Metta Burroughs; "Behool-Room Disciplina." Miss Addie Pugh; 'Importance of Education," Miss Clars B. Milier; "Language," Thomas B. Williams.

An Election to Decide Ordered for April 23d-Tribute to Mr. Donnan.

[Correspondence of the Richmond Dispatch.]

DINWIDDER COUNTY. VA., March 22.—The March term of the County Court was held on yesterday—Judge B. J. Epes presiding. There was a considerable amount of general business transacted, but the only matter of special interest before the court was an application signed by a large number of the citizens of Darrill's District asking the Court to allow the citizens of that district to hold an election on the question of license or no license. Judge Epes granted the petition and an order was made for the special election to be held on Saturday, the 23d day of April, 1892, as to whether Darrill's shall be wet or dry for the ensuing twelve months.

RESOLUTIONS ADOPTED. [Correspondence of the Richmond Dispatch.]

This being the first term of the County Court since the death of the much-lamented Mr. Alexander Donnan, a meeting of the bar and of the county officers was held in the court-room, and very feeling and fitting remarks were made by Messrs. A. M. Organs. W. R. McKenney, and Judge Epes; and a set of earnest resolutions expressing the regrets, the sympathy, and the esteem in which the deceased was held in the hearts and memories of his many friends in Dinwiddie county were unanimously adopted. lating in the glands of the neck, produces unsightly lumps or swellings; which causes painful running sores on the arms, legs, or feet; which developes ulcers in the eyes, ears, or none, often causing blindness or deafness; which is the origin of pimples, cancerous growths, or many other manifestations usually ascribed to "humora." It is a more formidable enemy than consumption or cancer alone, for serrofula combines the worst possible features of both. Being the most ancient, it is the most general of all diseases or affections, for very few persons are entirely free from it.

How can it be cured?
